UnitingSA acknowledges the traditional owners of country throughout South Australia, their spiritual heritage, living culture and our walk together towards reconciliation.

Printed: July 2021

UnitingSA offers lifestyle choices, companionship and care for every stage of your journey.

Whether you're looking to downsize for retirement, need support to remain independent at home, or require full time assistance with your health and care, we can tailor a solution that's right for you.

Each year we provide lifestyle, health and care services to around 3,000 older South Australians through our:

Retirement Living communities

Our Retirement Living communities are the perfect way to continue living in your own home without the hassle of maintaining a large house.

We offer a range of accommodation to suit all budgets and tastes, including affordable and modern units and premium top-floor apartments.

Our properties are located close to public transport, shopping, entertainment and medical services, and include a mix of one, two and three bedroom options.

Home Care services

We're here to help if you want some support maintaining your quality of life. We offer an extensive range of at-home services to ensure you live independently in your own home for as long as possible.

We'll work with you to design a package of services that responds to your needs and freedoms, from help with housework and meal preparation, to transport, shopping, health care and more.

Neighbourhood Group Home

Our Neighbourhood Group Home provides the perfect in-between if you're after a bit more support but aren't yet looking for full residential care. You might simply enjoy the company of others.

Our supported home offers residents their own private, air-conditioned bedroom with ensuite and kitchen. Common areas include a dining room, lounge and laundry. Nutritious home-cooked meals are prepared daily.

Residential Aged Care

When you select one of our homes, you become part of a close-knit community, with an attentive team giving you the individual consideration you deserve.

Expert care is delivered around the clock, while a range of recreation activities provide meaningful daily experiences.

Each of our homes offer unique features, from memory support and bilingual services to expansive gardens and dedicated couples rooms.

Ethnic Link Services

Ethnic Link Services supports older people from diverse cultures. We speak your language to connect you with services and help you remain living independently.

We'll work with you to ensure you can communicate in your own language when using services and that your cultural traditions and beliefs are considered.

Get in touch to discuss the choice that's best for you.
