

COVID-19 Vaccination Clearance Form

It is now mandatory that all people entering an Aged Care Facility must be up to date with their COVID-19 vaccination (2 vaccinations and 1 booster minimum).

It is the responsibility of the contractor employers not UnitingSA, to ensure that all their contractors (and subcontractors) sent to any UnitingSA site are up to date with their COVID-19 Vaccinations / before entering a UnitingSA site.

By signing below you are agreeing that any person who is not up to date with their COVID-19 Vaccinations will not be sent to any UnitingSA site for any reason.

All contractors (and sub contractors) must have a copy of their COVID-19 Vaccination certificates with them at all times. They may be required to present it should any UnitingSA employee request to view it.
