Updated September 2023

At UnitingSA we value all carers and the support you provide to your family member or friend.

We're committed to working with carers to ensure the person they care for receives the services they need.

Are you a carer?

A carer provides care to a family member or friend who has a disability, chronic or terminal illness, mental illness, addiction, or is an older person with care needs.

Carers come from all walks of life. They can be of any age, from any culture, male or female, employed or not, living with the person or in separate homes.

A carer may not choose to become a carer — it can be something life chooses for them.
