

UNITINGSA

SUPPORT AT HOME

PRICING SCHEDULE: RIVERLAND

Effective 1 November 2025

UnitingSA is your local, not-for-profit home care provider with over 30 years of aged care experience in the Riverland. We deliver reliable support at home services, just the way you like it. Here's what you need to know when referring to our Pricing Schedule:

What do these prices include?

The price for a Support at Home service will reflect the entire cost of delivering that service, including administrative costs and transport (e.g. travel costs to visit you). Additional costs may be incurred for indirect service activities relating to Clinical Care (e.g. nursing and allied health). A minimum charge per visit applies to all services. We can't – and won't – change your service provision or fees without talking to you.

What is care management?

Care management ensures you receive the right support when you need it. Our team work closely with you to create and review your care plan, coordinate and schedule high-quality services, and conduct regular health checks. 10% of your quarterly budget is set aside for us to deliver care management (the fee is capped at 10% for all providers).

What is a client contribution?

Client contributions apply under the Support at Home program. Your Support at Home individual contribution rates will be set and communicated to you by Services Australia based on your individual financial situation.

The Government covers 100% of all **Clinical Care** services, but you will be required to contribute towards non-clinical services for **Independence** and **Everyday Living**. Your contribution will be a percentage of the price of the relevant service.

What if I need to cancel?

UnitingSA requires 24 hours notice for all service cancellations. If a cancellation is made within 24 hours of a scheduled service, you will be charged at 100% of the service price. If you are not present at the time of a scheduled service and have not provided us with 24 hours notice of cancellation, you will be charged at 100% of the service price.
